

2025 PTW vehicle crash statistics in Ukraine ¹

4503

crashes resulting in casualties

↑4%

4971

people injured

↑2%

438

fatalities

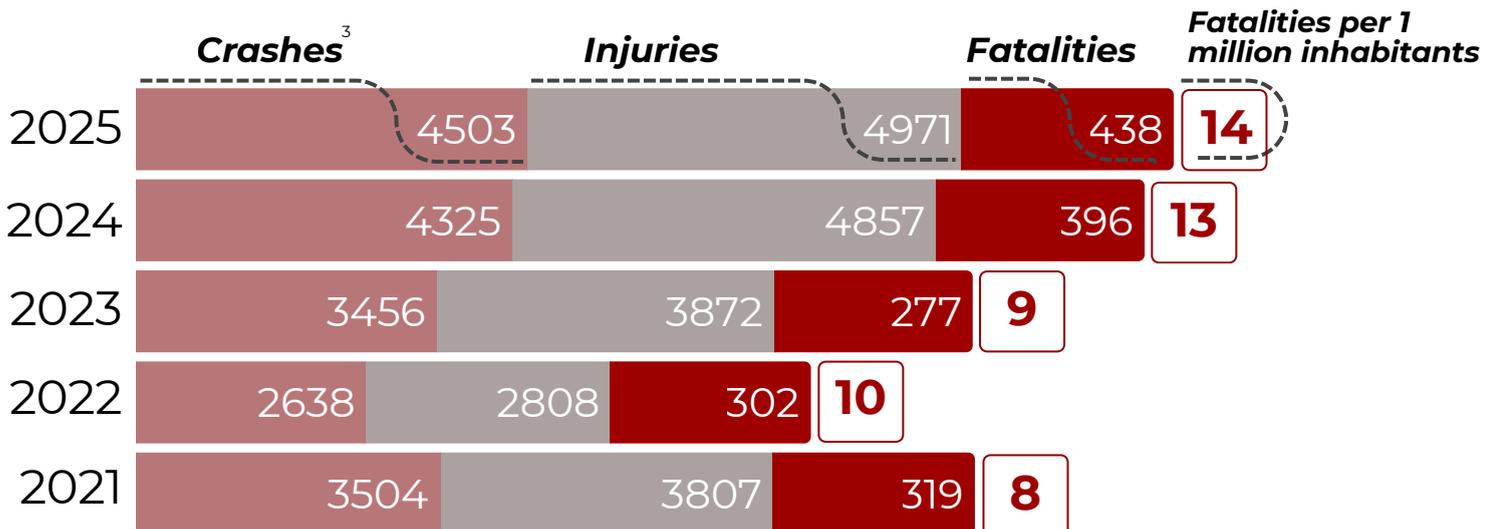

↑11%

Every **10** crashes a fatality occurs

14
Fatalities per 1 million inhabitants²

PTW crashes in 2021 - 2025

Increase over 5 years

↑Crashes 9%

↑Injuries 31%

↑Fatalities 37%

Mortality per 1 mln inhabitants has increased by 83% over the last 5 years

¹ Data from the Patrol Police Department of Ukraine compared to 2024

³ Crashes resulting in casualties

⁴ Increase over 5 years

² Figure calculated based on data from the Demographic Development Strategy approved by the Cabinet of Ministers

Implementing ECE 22.06 will reduce mortality

75%

of fatalities are caused by head injuries

65%

of PTW vehicle users wear helmets, however

only **22%** are aware of the certification of their helmets

more than **2/3** wear uncertified helmets⁵

Certified helmets provide:⁶

A **6** fold reduction in the risk of fatality in case of crash

Up to **74%** reduction in the chance of traumatic brain injury

Implementing ECE 22.06 will save up to 1% GDP⁷

8–14

mIn UAH loss suffered by the economy per fatality caused by PTW vehicle crash

156

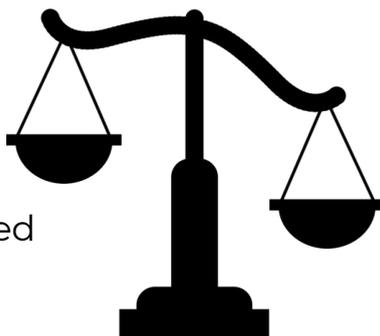

mIn UAH medical expenses for injured persons in 2024

306

mIn UAH state budget savings by 2030 enabled by a complete transition to certified helmets

2500 UAH⁷

lowest price of a certified helmet

up to 5,4 mln UAH

expenses for treatment of serious injury or **fatality**

Safe helmets save lives
